Though on the historical address in 1902 at the unveiling of the tablet on the site of the old court house. The village of Westminster yields perhaps, in the tranquil and proturesque beauty of its location, to few others in New England. It was probably this natural beauty, together with its proximity to the old fort at Waipole, at which a military establishment was once maintained by the government of New Hampshire for the protection of the frontier, that led to the early sattlement and rapid growth of this charming spot, which having been entered by the pioneers as far back as 1741, continued to increase and prosper. Though on the edge of a wilderness continued to increase and prosper. Though on the edge of a wilderness at the opening of the American revolution, it was the most populous and best built village in Vermont.
